# News Release

## **Amazon Papyrus to Increase Prices**

“Amazon Papyrus Chemicals (APC), Hong Kong, announces a price increase of 5 - 15% depending on the products, with immediate effect or wherever contracts allow. This price increase is necessary due to a significant increase in raw material, manufacturing, packaging, transportation and regulatory costs. The APC team will continue to work proactively with our customers to further optimize applications related to process and functional chemicals, ensuring a favorable return on investments.”
